Lahore University of Management Sciences (LUMS)
Summer Program in 2021

Punjab College
FSc. Engineering

PROJECTS

Kan Zen
- A Kanban board application using Java and JavaFX GUI, featuring Microsoft Azure authentication. Enabled multi-computer usage through cloud management and utilized a NoSQL DB for storage.

Mern Mart
- A fully functioning E-commerce website built using the MERN stack technology, providing both the user and admin features.

Golds Gym
- A React based fitness web-application, featuring over 1000 exercises and training videos, built with a user-friendly interface.

Use Popcorn
- A movie listing web application, in which the users can view different movies, rate them, and add them to their watchlist

Text-based Action-Adventure Role Playing Game
- An action-adventure RPG game, having various boss fights, NPC interactions, dynamic level up system and much more made with pure C++.

SKILLS

Skill	Level
React	70%
